Slate Media Technology Product Overview

RAVEN MTX MKII

In the past decade, the technological revolution has transformed audio into a medium that is produced and delivered in the digital domain. Powerful Digital Audio Workstations enable music makers to create more efficiently and economically. Costly large format analog consoles were never designed for a modern production process. What was missing is a new solution that REMOVES ALL OBSTACLES between the engineer and DAW. Introducing the RAVEN MTX from Slate Media Technology – the first ever Multi-Touch Audio Production System.

RAVEN 3.0 SOFTWARE

- Multi-Touch Fader Control
- Directly Tweak Plugins with Touch
- Control Fader Resolution with Fine Faders
- **The Batch Command System (Included within Raven Software)**
 - Each Batch Command has the capacity to execute up to 1,000 Key Commands, Mouse Clicks and Menu Selections in ONE Button. And they are fully customizable, so users can create and record their own in addition to the hundreds of pre-programmed commands already included!
 - **NOTE: The MTX/MTi2 come with one (1) DAW license. To use multiple DAWs with RAVEN, you will need to purchase additional licenses for \$99 USD each.**
 - **Batch Command Examples (All example commands executable with a single mouse click). The User can:**
 - **Bounce MIDI to Audio (and Audio to MIDI):** Automatically bounce the Audio track, import it back into the session and hide the MIDI Track.
 - **Snap Transients to Grid:** Splice the audio track by the transient, snap the transients to the grid and then consolidate the region.
 - **Copy and Paste Plugin Chains Across Tracks:** Instantly copy and paste entire plugin chains across tracks.
 - **Create, Name & Color Code Tracks:** Instantly create any types of tracks, name them anything, and even change their color.
 - **Create an Instant Headphone Mix:** Create a stereo aux track, name it, copy the send to selected tracks and copy the mix level to the send level.
- **The Slate Remote (Free for the RAVEN and Batch Commander applications)**
 - The Slate Remote is free iOS app that comes with any Batch Commander or Raven that automatically synchronizes the user's Batch Commands to their iPhone or iPad.
 - Requires iOS 7.0 or later.
 - Compatible with iPhone, iPad, and iPod touch.
 - Optimized for iPhone 5 and above.
